

INTERNATIONAL INTERIOR DESIGN ASSOCIATION AWARDS

COLLECTING GOLD

Photography by *Diane Anderson*

Guests noshed on appetizers of crab and lime salad, chicken satay and fried risotto before heading to the sushi and panini stations set up at the International Interior Design Association Awards event held April 17 at Lumen. Entries came from 30 design and architectural firms in Wichita, Kansas City, and St. Louis. Local luminary Arcturus led the field by capturing golds for its work on the Chess Club & Scholastic Center of Saint Louis, Plantation Crossing, Girl Scouts of Eastern Missouri, Luxco, and the company's own offices. Other local first-place winners included TR,i Architects (for Logan College's student center) and Fox Architects (for Emerson's cafeteria renovation).
